## Neecha Braun

International Circus Performer

UNLIKE ANY DOG SHOW EVER SEEN!

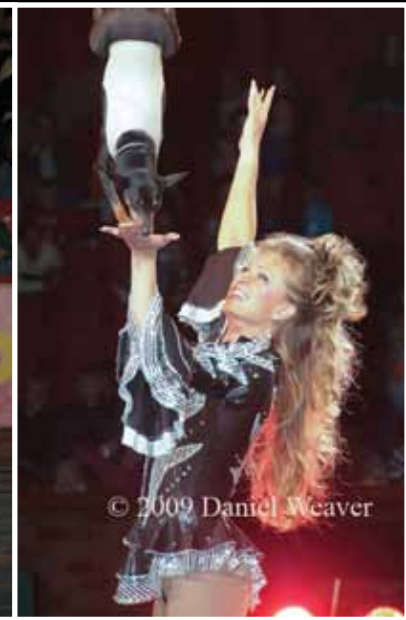

## Neecha Torena Braun

was born in France in 1976. Like the seven generations before her, she was destined to develop into a star just as her predecessors.

Neecha began assisting in her first dog act beside her father Eric Braun at the young age of seven. At that point it was clear that this was her destiny. Her career began to blossom from that point on. In the mid 80's she was invited to become a member of the cast for the "Living Unicorn, a Circus Story". At this point she had begun to make a name for herself; "Neecha Braun" was invited to be in the cast of 2 feature length movies produced by Ringling Circus.

In 1987 she was commissioned to perform in Malaysia for not only her accomplished dog act, but also her unique trapeze style. Neecha travels internationally to countries such as Chile and Puerto Rico, Japan and Germany to entertain the masses of circus lovers. Her talents are not exclusive to just dog training and trapeze, her resume also includes, Russian Swing, Globe of Death, Bareback Horseback Riding and much more. Neecha is also an intricate part of the costume and set design for each and every one of her performances.

For those who have not had the pleasure to witness her amazing performances. I can assure you that Neecha's experience is endless and her talents are boundless.
